**Fire from Heaven** Aug 01 2020 'The Alexander Trilogy contains some of Renault's finest writing. Lyrical, wise, compelling: the novels are a wonderful imaginative feat - Sarah Waters Alexander the Great died at the age of thirty-three, leaving behind an empire that stretched from Greece to India. Fire From Heaven tells the story of the years that shaped him. His mother, Olympias, and his father, King Philip of Macedon, fought each other for their son's loyalty, teaching Alexander politics and vengeance. His love for the youth Hephaestion taught him trust, while Aristotle's tutoring provoked his mind and fuelled his aspirations. Killing his first man in battle at the age of twelve and commanding Macedon's cavalry at eighteen, by the time his father is murdered, Alexander's skills have grown to match his fiery ambition. 'Renault's masterpiece. One of the greatest historical novels ever written' SARAH WATERS  
In the second novel of her stunning trilogy, Mary Renault vividly imagines the life of Alexander the Great, the charismatic leader whose drive and ambition created a legend. The Persian Boy traces the last years of Alexander's life through the eyes of his lover, Bagoas. Abducted and gelded as a boy, Bagoas is sold as a courtesan to King Darius of Persia, but finds freedom with Alexander the Great after the Macedon army conquers his homeland. Their relationship sustains Alexander as he weathers assassination plots, the demands of two foreign wives, a sometimes mutinous army, and his own ferocious temper. After Alexander's mysterious death, we are left wondering if this Persian boy understood the great warrior and his ambitions better than anyone. 'Mary Renault is a shining light to both historical novelists and their readers. She does not pretend the past is like the present, or that the people of ancient Greece were just like us. She shows us their strangeness; discerning, sure-footed, challenging our values, piquing our curiosity, she leads

us through an alien landscape that moves and delights us' Hilary Mantel 'The Alexander Trilogy stands as one of the most important works of fiction in the 20th century . . . it represents the pinnacle of [Renault's] career . . . Renault's skill is in immersing us in their world, drawing us into its strangeness, its violence and beauty. It's a literary conjuring trick like all historical fiction - it can only ever be an approximation of the truth. But in Renault's hands, the trick is so convincing and passionately conjured. Nowhere is this more evident than in The Persian Boy . . . Bagoas is a brilliant narrator. Rendered unreliable by his passion, he is always believable and sympathetic . . . His Persian background allows him to see the king and his Macedonians through the questioning eyes of an alien' - Antonia Senior, *The Times*

In the final novel of her stunning trilogy, Mary Renault vividly imagines the life of Alexander the Great, the charismatic leader whose drive and ambition created a legend. Alexander the Great died at the age of thirty-three, leaving behind an empire that stretched from Greece and Egypt to India. After Alexander's death in 323 B.C. his only direct heirs were two unborn sons and a simpleton half-brother. Every long-simmering faction exploded into the vacuum of power. Wives, distant relatives and generals all vied for the loyalty of the increasingly undisciplined Macedonian army. Most failed and were killed in the attempt. For no one possessed the leadership to keep the great empire from crumbling. But Alexander's legend endured to spread into worlds he had seen only in dreams. 'Mary Renault is a

The Praise Singer Jun 30 2020 'Mary Renault's portraits of the ancient world are fierce, complex and eloquent, infused at every turn with her life-long passion for the Classics. Her characters live vividly both in their own time, and in ours' MADELINE MILLER Mary Renault is a shining light to both historical novelists and their readers. She does not pretend the past is like the present, or that the people of ancient Greece were just like us. She shows us their strangeness; discerning, sure-footed, challenging our values, piquing our curiosity, she leads us through an alien landscape that moves and delights us' HILARY MANTEL In the story of the great lyric poet Simonides, Mary Renault brings alive a time in Greece when tyrants kept an unsteady rule and poetry, music, and royal patronage combined to produce a flowering of the arts. Born into a stern farming family on the island of Keos, Simonides escapes his harsh childhood through a lucky apprenticeship with a renowned Ionian singer. As they travel through 5th century B.C. Greece, Simonides learns not only how to play the kithara and compose poetry, but also how to navigate the shifting alliances surrounding his rich patrons. He is witness to the Persian invasion of Ionia, to the decadent reign of the Samian pirate king Polykrates, and to the fall of the Pisistratids in the Athenian court. Along the way, he encounters artists,

statesmen, athletes, thinkers, and lovers, including the likes of Pythagoras and Aischylos. Using the singer's unique perspective, Renault combines her vibrant imagination and her formidable knowledge of history to establish a sweeping, resilient vision of a golden century. 'There's much to say about her interweaving of myth and history and, just as interestingly, there's much to wonder at in the way she fills in the large dark spaces where we know next to nothing about the times she describes . . . an important and wonderful writer . . . she set a course into serious-minded, psychologically intense historical fiction that today seems more important than ever' - Sam Jordison, Guardian

2021 New York Times

Bestseller: This retelling of the Greek myth of Theseus, king of Athens, is "one of the truly fine historical novels of modern times" (The New York Times).

In myth, Theseus was the slayer of the child-devouring Minotaur in Crete. What the founder-hero might have been in real life is another question, brilliantly explored in *The King Must Die*. Drawing on modern scholarship and archaeological findings at Knossos, Mary Renault's Theseus is an utterly lifelike figure—a king of

immense charisma, whose boundless strivings flow from strength and weakness—but also one steered by implacable prophecy. The story follows Theseus's adventures from Troizen to Eleusis, where the death in the book's title is to take place, and from Athens to Crete, where he learns to jump bulls and is named king of the victims. Richly imbued with the spirit of its time, this is a page-turner as well as a daring act of imagination. Renault's story of Theseus continues with the sequel *The Bull from the Sea*. This ebook features an illustrated biography of Mary Renault including rare images of the author.
