Perfect for fans of *Half from the East* and *Inside Out and Back Again*. Asha and her best friend, Yesofu, never cared about the differences between them: Indian. African. Girl. Boy. Short. Tall. But when Idi Amin announces that Indians have ninety days to leave the country, suddenly those differences are the only things that people in Entebbe can see—not the shared after-school samosas or Asha cheering for Yesofu at every cricket game. Determined for her life to stay the same, Asha clings to her world tighter than ever before. But Yesofu is torn, pulled between his friends, his family, and a promise of a better future. Now as neighbors leave and soldiers line the streets, the two friends find that nothing seems sure—not even their friendship. Tensions between Indians and Africans intensify and the deadline to leave is fast approaching. Could the bravest thing of all be to let each other go? "Mhairi McFarlane writes with a singular wit, charm, and emotional complexity, every word just right, every page brimming with delicious tension." -- Emily Henry, #1 New York Times bestselling author of *People We Meet on Vacation*

International bestseller Mhairi McFarlane delivers a sharp, emotional new novel about a woman who calls off her engagement to "the perfect man" and moves in with a charming stranger who makes her question everything about her life, her past, and the secrets she's kept for far too long.. Harriet Hatley is the most in-demand wedding photographer in town, but she doesn't believe in romance, loathes the idea of marriage, and thinks chocolate fountains are an abomination. Which is why, when her long-time partner proposes, she panics. Suddenly Harriet is single... and living down the hall from her ex. She needs a new apartment, like, yesterday. Enter Cal Clarke, a hopeless romantic who just experienced his own wedding-related disaster. Harriet and Cal are like chalk and cheese, but as they go from strangers to roommates to friends, it becomes clear they're both running from something. When Harriet's most heavily

guarded secret comes to light, her world implodes. And Cal, with his witty humor and gentle advice, is a surprising source of calm at the center of the storm. With her career, friendships, and reputation on the line, Harriet must finally face her past in order to take control of her future. Because if she's willing to stop playing it safe and risk everything to share her truth, real love and happiness may be waiting on the other side... "Finally: an engaging, evidence-based book about how to battle biases, champion diversity and inclusion, and advocate for those who lack power and privilege. Dolly Chugh makes a convincing case that being an ally isn't about being a good person—it's about constantly striving to be a better person." —Adam Grant, New York Times bestselling author of *Give and Take*, *Originals*, and *Option B* with Sheryl Sandberg Foreword by Laszlo Bock, the bestselling author of *Work Rules!* and former Senior Vice President of People Operations at Google An inspiring guide from Dolly Chugh, an award-winning social psychologist at the New York University Stern School of Business, on how to confront difficult issues including sexism, racism, inequality, and injustice so that you can make the world (and yourself) better. Many of us believe in equality, diversity, and inclusion. But how do we stand up for those values in our turbulent world? *The Person You Mean to Be* is the smart, "semi-bold" person's guide to fighting for what you believe in. Dolly reveals the surprising causes of inequality, grounded in the "psychology of good people". Using her research findings in unconscious bias as well as work across psychology, sociology, economics, political science, and other disciplines, she offers practical tools to respectfully and effectively talk politics with family, to be a better colleague to people who don't look like you, and to avoid being a well-intentioned barrier to equality. Being the person we mean to be starts with a look at ourselves. She argues that the only way to be on the right side of history is to be a good-ish— rather than good—person. Good-ish people are always growing. Second, she helps you find your "ordinary privilege"—the part of your everyday identity you take for granted, such as race for a white person, sexual orientation for a straight person, gender for a man, or education for a college graduate. This part of your identity may bring blind spots, but it is your best tool for influencing change. Third, Dolly introduces the psychological reasons that make it hard for us to see the bias in and around us. She leads you from willful ignorance to willful awareness. Finally, she guides you on how, when, and whom, to engage (and not engage) in your workplaces, homes, and communities. Her science-based approach is a method any of us can put to use in all parts of our life. Whether you are a long-time activist or new to the fight, you can start from where you are. Through the compelling stories Dolly shares and the surprising science she reports, Dolly guides each of us closer to being the person we mean to be. What do we want to be known for? In *Know What*

You're FOR, entrepreneur and thought leader Jeff Henderson makes it clear that if we want to change the world with our products or our mission, then we must shift the focus of our messaging and marketing. Rather than self-promoting, we must transform our organizations to be people-centric. This sounds like a no-brainer, but looking closer shows just how little this is true and how impactful the change would be if it were. Whether you're a business leader, a change advocate, or a movement maker, Know What You're FOR will help you - and your organization - thrive. It's what happens when you create an organization focused on who it is FOR. This is the future. Thriving organizations will be more concerned with becoming raving fans of their customers than they are trying to convince customers to become raving fans of the organization. This isn't theory. Jeff Henderson has experienced it. Working with companies like Chick-fil-A and the Atlanta Braves, then serving as a pastor for 15 years at one of the country's largest and most influential churches, North Point, Jeff knows what success looks like for healthy organizations and healthy lives. With fascinating stories from a host of entrepreneurs and Jeff's remarkable career, Know What You're FOR equips you with a simple strategy and the tools for extraordinary growth. You'll discover how to: Work FOR your current and future customers with a new, effective method Be FOR your team and help your people reach full potential Create a ripple impact by being FOR your community Live and work your best by caring FOR yourself In a hypercritical, cynical world, one that is often known for what it's against, let's be a group of people known for who and what we're FOR. It's a powerful strategy for business. But more importantly, it is a revolutionary way to live. In this Newbery Honor novel, New York Times bestselling author Rita Williams-Garcia tells the story of three sisters who travel to Oakland, California, in 1968 to meet the mother who abandoned them. A strong option for summer reading—take this book along on a family road trip or enjoy it at home. This moving, funny novel won the Scott O'Dell Award for Historical Fiction and the Coretta Scott King Award and was a National Book Award Finalist. Readers who enjoy Christopher Paul Curtis's *The Watsons Go to Birmingham* and Jacqueline Woodson's *Brown Girl Dreaming* will find much to love in *One Crazy Summer*. Rita Williams-Garcia's books about Delphine, Vonetta, and Fern can also be read alongside nonfiction explorations of American history such as Jason Reynolds's and Ibram X. Kendi's books. In *One Crazy Summer*, eleven-year-old Delphine is like a mother to her two younger sisters, Vonetta and Fern. She's had to be, ever since their mother, Cecile, left them seven years ago for a radical new life in California. But when the sisters arrive from Brooklyn to spend the summer with their mother, Cecile is nothing like they imagined. While the girls hope to go to Disneyland and meet Tinker Bell, their mother sends them to a day camp run by the Black Panthers. Unexpectedly, Delphine, Vonetta, and Fern learn much about their family, their country, and themselves during one truly crazy summer. This novel was the first featured title for Marley D's Reading Party, launched after the success of #1000BlackGirlBooks. Maria Russo, in a New York Times list of "great kids' books with diverse characters," called it "witty and original." Talk to creative problem-solvers and they will often tell you, the key to their success is asking a different question. Take Debbie Sterling, the social entrepreneur who created GoldieBlox. The idea came when a friend complained about too few women in engineering and Sterling wondered aloud: "why are all the great building toys made for boys?" Or consider Nobel laureate Richard Thaler, who asked: "would it change economic theory if we stopped pretending people were rational?" Or listen to Jeff Bezos whose relentless approach to problem solving has fueled Amazon's

exponential growth: "Getting the right question is key to getting the right answer." Great questions like these have a catalytic quality—that is, they dissolve barriers to creative thinking and channel the pursuit of solutions into new, accelerated pathways. Often, the moment they are voiced, they have the paradoxical effect of being utterly surprising yet instantly obvious. For innovation and leadership guru Hal Gregersen, the power of questions has always been clear—but it took some years for the follow-on question to hit him: If so much depends on fresh questions, shouldn't we know more about how to arrive at them? That sent him on a research quest ultimately including over two hundred interviews with creative thinkers. Questions Are the Answer delivers the insights Gregersen gained about the conditions that give rise to catalytic questions—and breakthrough insights—and how anyone can create them.
