The Life and Times of the Thunderbolt Kid Oct 28 2022 Bill Bryson's first travel book opened with the immortal line, "I come from Des Moines. Somebody had to." In this deeply funny and personal memoir, he travels back in time to explore the ordinary kid he once was, in the curious world of 1950s Middle America. It was a happy time, when almost everything was good for you, including DDT, cigarettes and nuclear fallout. This is a book about one boy's growing up. But in Bryson's hands, it becomes everyone's story, one that will speak volumes especially to anyone who has ever been young.

Life and Times of Professor Ennuï Pidawee May 23 2022 A short memoir in three parts.

HISTORY is about the author and some characters he has known (a transvestite, an entrepreneur, a rocket scientist, a beatnik, a martial artist, a movie star, and a fool, to name a few). These stories, taking place from 1945 to 1961, are generally true. PRE-HISTORY is about the author's parents and grandparents. Occurring before 1945, these stories are generally not true, or are at least imagined. It is through these tales that the author tries to figure out what made his folks the way they were (and explain how he got to be such a pidawee). DEATH is about the passing of the author's mother in 1955 in Shelby, North Carolina (at the Center of the Known Universe - where all explanations come together). Although not explicitly about the South, it is a Southern Book. It's got crazy white people, Magical Negroes, muscadine grapes, livermush, dynamite, undertones of violence, and guns - lots of guns.

Hans Von Bülow Sep 26 2022 Hans von Bulow's career unfolded in at least six directions simultaneously. He was a renowned concert pianist; the first virtuoso orchestral conductor; a respected (and sometimes feared) teacher; an influential editor of works by Bach, Mendelssohn, Chopin, and above all of Beethoven, in the performance of whose music he had no rival; a scourge as a music critic; and lastly, he was himself also a composer of music. In *Hans von Bulow: A Life and Times*, Alan Walker, the acclaimed author of numerous award-winning books on the era's iconic composers, provides the first full-length English biography of this remarkable musical figure.

THE LIFE AND TIMES OF DEXTER Apr 21 2022 Self-acceptance is a critical element of self-esteem, particularly in today's culture where we are more valued by what we do and what we have as opposed to who we are. So, we chase after some notion of what is going to make us happy with ourselves never finding a truly satisfying answer. *The Life and Times of Dexter: A Tale of Spider Webs and Self-Discovery*, speaks to everyone – children, teens and adults. No matter what stage of life we are in, we need to love and value ourselves just because... and that can only happen if we challenge ourselves to reach our highest potential as human beings. Through his struggles to be more self-accepting, Dexter serves to help readers examine their own self-worth. He travels far and wide to quell his inner dissatisfaction. Along the way he meets other characters who challenge him to take a deeper look inside himself. These relationships teach him humility, trust, perseverance and self-sacrifice. They help him realize that by caring for others, he is able to feel the kind of peace and joy that only true self-acceptance can bring.

The Life and Times of the Shah Dec 06 2020 This epic biography, a gripping insider's account, is a long-overdue chronicle of the life and times of Mohammad Reza Shah, who ruled from 1941 to 1979 as the last Iranian monarch. Gholam Reza Afkhami uses his unparalleled access to a large number of individuals—including high-ranking figures in the shah's regime, members of his family, and members of the opposition—to depict the unfolding of the shah's life against the forces and events that shaped the development of modern Iran. The first major biography of the Shah in twenty-five years, this richly detailed account provides a radically new perspective on key events in Iranian

history, including the 1979 revolution, U.S.-Iran relations, and Iran's nuclear program. It also sheds new light on what now drives political and cultural currents in a country at the heart of today's most perplexing geopolitical dilemmas.

The Life and Times of Michael K Mar 01 2023 Coetzee here tells the story of a handicapped young man who has worked as a municipal gardener in Cape Town. His mother is dying, and she wishes to return to her birthplace out in the veldt. Without the required transit passes, mother and son set out on a journey that will end in death for her and in a new but temporary life on an abandoned farm for him. His respite in isolation and peace does not last long, however; grotesque reality soon returns to trouble this quiet new world. Against the solitude of this private drama, Coetzee paints an eloquent and pained picture of his homeland and of the bureaucrats, doctors, army deserters, and camp guards who reveal the stress and qualms of their existence and who uneasily sense that there is no conclusion to their troubles and no future for their lives.

Influenced by the accomplishments of Daniel O'Connell, he began to develop his skills as an orator for which he was to gain a world-wide reputation.
