[Street Boners](#) Jun 03 2021 From the twisted mind of Gavin McInnes, the hilariously brilliant creator of Vice magazine and the ever-popular Vice Dos And Don'ts, comes the next stage in the evolution of street fashion critiques. Fifteen years after founding Vice, Gavin McInnes has poured his creative juices into a new endeavor: StreetCarnage.com. Growing in size and influence at an alarming rate, the site's main feature is the new and improved version of Gavin's "DOs and DON'Ts," now tantalizingly called Street Boners. These Boners have been polished and compounded into a book that takes the best of the site and adds hundreds more gems! With 1,312 photos, hilarious captions, and a harsh new rating system-from one to 10 kitten faces-Street Boners makes sure no glorious fashion statement goes unnoticed. In this world, citizens are either damned to hell or relentlessly exalted into heaven. Chloe Sevigny, Debbie Harry, Fred Armisen, Tim & Eric also contribute their scathing wit to the book, and the end result is a New York fashion bible no bathroom should be without.

[SON OF BOB](#) Sep 18 2022 British Fashion photographer Terry Richardson produces strikingly beautiful images that walk the fine line between art and commercialism; he is known for his work in W, The Face, ID and Vogue Hommes International. Son of Bob, however, explores some edgier and raunchier territory. It is a gleeful show of sex, travel, and scenes of an American underbelly, amorous masked and caped crusaders, professional wrestling fans, Harmony Korine's genitalia, food, and assorted candid portraits. These are party nights and hangover mornings, an extreme display of confrontational horseplay and rude humor. Citing "America's Funniest Home Videos", the amateur shots in Hustler magazine, archival photos from family albums and portraits from school or Woolworth's as influences, Richardson combines opposing sensibilities into a provocative documentary approach that will indeed push some buttons, in addition to entertaining a ravenous audience.

[Exhibit A](#) Oct 19 2022 Guy Bourdin, who died in 1991, was a legend in the world of fashion photography. He was the most radical and audacious photographer of his generation but his reputation has been surrounded in secrecy - he allowed his photographs to appear outside the pages of French Vogue. No book of his work has previously been published. His estate was frozen by the courts until 1997, after which his son, Samuel, gained control of his work. The result of which this long-awaited book can be published. Bourdin was originally a painter and a friend of Man Ray.

fashion photographs began to incorporate his surrealist influences. Fashion photography became an arena for his personal obsessions. The results are as shocking and astonishing as any commercial photograph ever published. They were executed meticulously. Despite his intense eroticism, subversion and, as Cecil Beaton described, 'his grotesque gamineries', Beaton referred to him in 1975 as 'unquestionably the most interesting fashion photographer in Paris'. His work was said to have represented 'the look of an era -glamorous, hard-edged, cleverly spiced with vulgarity with implied narratives and strong erotic undercurrents'

Supreme Aug 05 2021 The first monograph on the iconic independent New York street fashion label Supreme. In 1994, Supreme opened its doors on Lafayette Street in downtown Manhattan and became the home of New York's street culture. Challenging the dominance of the established West Coast skater scene and the new conservatism of 1990s New York, Supreme defined the aesthetic of an era of rebellious cool that reached from skaters to fashionistas and hip-hop heads. Over the last sixteen years, the brand has stayed true to its roots while collaborating with some of the most groundbreaking artists and designers of its generation, and with stores in Los Angeles and Japan has become an international icon of independent counter-cultural style. This definitive monograph - with written contributions from contrasting arbiters of style, Aaron Bondaroff and Glenn O'Brien, and including an interview between founder James Jebbia and the artist KAWS - brings together the disparate elements of the brand's output, from legendary advertising campaigns to especially commissioned skateboard designs, photographs, and artworks, and a comprehensive index of their products to date. Including collaborations with Jeff Koons, Richard Prince, Damien Hirst, Public Enemy, Lou Reed, and Futura 2000 among many others, this richly illustrated book is a survey of sixteen years of contemporary street fashion and culture reflected in the pioneering work of one of New York's most influential independent labels.

Georgia O'Keeffe, Photographer Oct 07 2021 A groundbreaking introduction to the photographic work of an iconic modern artist. The pathbreaking artist Georgia O'Keeffe (1887-1986) is revered for her iconic paintings of flowers, skyscrapers, animal skulls, and Southwestern landscapes. Her photographic work, however, has not been explored in depth until now. After the death of her husband, the photographer Alfred Stieglitz, in 1946, photography indeed became an important part of O'Keeffe's artistic production. She trained alongside the photographer Todd Webb, revisiting subjects that she had painted years before--landforms of the Southwest, the black door in her courtyard, the road outside

window, and flowers. O'Keeffe's carefully composed photographs are not studies of detail or decisive moments; they focus on the arrangement of forms. This is the first major investigation of O'Keeffe's photography and traces the artist's thirty-year exploration of the medium, including a complete catalogue of her photographic work. Essays by art scholars address O'Keeffe's photographic approach and style and situate photography within the artist's overall oeuvre. This richly illustrated volume significantly broadens our understanding of one of the most innovative artists of the twentieth century.

Lydia Panas Sep 25 2020 Sleeping Beauty is award-winning artist Lydia Panas' much-praised series of mesmerizing color portraits of reclining women and girls. Sleeping Beauty embodies Panas' complex relationship with portraiture: an interesting reversal of roles, the artist's gaze and the models' are intertwined, incorporating the viewer as part of an often uncomfortable connection. Critics and curators have praised the work for Panas' artistic and technical mastery and all have noted and examined the powerfully affecting gaze of her subjects. Panas' work is rooted in experience: she sees, and how she understands people, relationships and power dynamics. In Sleeping Beauty, her subjects become a metaphor for the position girls and women have been placed in historically. Yet, her subjects look out with self-awareness. Through Panas' lens, their inescapable gaze signals a knowledge that they have been to some extent duped, one way or another, and a sense that they are working it out. The girls and women look in a way that implies a lack of complicity. The depictions and variations explore how difficult it feels to be a girl and a woman, subject to another's dominance. Many of the "Sleeping Beauty" portraits have aptly commented on the deeply compelling nature of the series—one viewer wrote that it is "both difficult to approach and difficult to walk away from" and another describing the work as "unlike anything else I have seen before" and "causing me to wish to avert my eyes and yet I cannot do so. It is astonishingly memorable." Sleeping Beauty is a photography monograph for collectors of beautiful art and illustrated books; for anyone interested in portraiture and in representations of women and girls in visual culture; and for admirers of Panas' art and work by Panas. Her first monograph, *The Mark of Abel* (Kehrer, 2012), was hailed as one of the best books of the year. Lydia Panas' work is held in prestigious public collections and has been frequently exhibited in galleries and museums around the world.

John Terry - Captain, Leader, Champion Oct 15 2019 John Terry, footballing legend and Chelsea hero, graduated from Chelsea youth academy to become an international star. His imposing strength, natural skill and bulldog spirit have made him the backbone of both Chelsea and England's staunch defences. Born in London, and raised through the Chelsea youth teams, Terry's extraordinary talent soon had him replacing World Cup winner Frank Leboeuf to become a team favourite amongst the Stamford Bridge faithful. But Terry's progress has not all been plain sailing. In 2002 he was on the verge of realising his dream of playing for England after some outstanding displays in the under-21 team, but he was involved in an incident outside a nightclub. With his career in the balance, Terry battled back and, having been cleared of any charges, he became stronger than ever before. For years he was an indomitable force in the national team before retiring in 2012, having won 78 caps and appearing in two separate World Cups. He was even presented with the ultimate English honour when, in 2010, he captained his country during their World Cup campaign. Truly though, Terry is Chelsea through and through. Handed the captain's armband under Jose Mourinho's inspirational regime, backed by Roman Abramovich's formidable buying power, Terry is proof that some qualities simply can't be bought. His immense leadership skills have earned him the respect of his fellow pros and fans alike. With five FA Cups, four Premier League titles including an incredible 2014/15 campaign, and even a Champions League medal hanging in his trophy cabinet, John Terry must go down as one of the greatest Englishmen to ever play the game.

Terry Richardson - Feared by Men, Desired by Women 2021

Oct 27 2020 Para las tropas de la Segunda Guerra Mundial, cada jornada era estremecedora y, además, bien podía ser la última de sus vidas. Para apuntalar los ánimos y proteger la moral de los hombres frente a los horrores de la guerra, los altos mandos los animaban a forjar estrechas relaciones de amistad que encontrar apoyo emocional. La compañía constante de aquellos compañeros de trinchera, de cuya vida dependía uno mismo, ayudó a establecer amistades muy íntimas. Durante el tiempo en el que no combatían hombro con hombro procuraban entretenerse juntos y descargar tensiones entregándose a bromas y juegos, en ocasiones completamente desnudos. Resulta imposible conocer con exactitud el alcance de estos "juegos nudistas" entre las tropas de la Segunda Guerra Mundial (las cámaras eran escasas y resultaba difícil revelar los carretes), pero algunos soldados documentaron este proceso sin precedentes en modestas y anónimas fotografías que, por lo general, permanecieron ocultas hasta el día de su muerte. El fotógrafo de Los Ángeles Michael Stokes ha dedicado muchos años a rastrear estas imágenes y ha creado un archivo de más de 500 fotografías. Su colección incluye soldados y marinos australianos, ingleses, franceses, polacos, rusos y estadounidenses, revolcándose en las arenas del Pacífico Sur, tiritando en la nieve de Europa del Norte, posando en solitario en los barracones y disfrutando en grupo casi en cualquier lugar. Estas imágenes nos muestran a personas que apenas han alcanzado la edad adulta, hombres en su mayor esplendor físico que responden a las rigores del combate viviendo cada día como si fuera el último: una faceta de la guerra que nunca antes se había hecho pública. La introducción es obra de Scotty Bowers, antiguo marine de 89 años y autor de Servicio completo, memorias de sus aventuras sexuales en Hollywood en las que revela también el modo en el que la guerra modificó su percepción de la homosexualidad y la heterosexualidad, del mismo modo que estas fotografías pueden cambiar el modo en que percibimos sobre la Segunda Guerra Mundial y la camaradería en tiempos de guerra.

Nov 25 2022 Auf Tuchfühlung mit Vanessa del Rio 1974 war die sexuelle Revolution in vollem Gange, und die Erotikindustrie stand an der Schwelle zum Big Business. Dee Dee Rebbel hatte 1972 Amerikas ersten Pornostar erschaffen, aber 1974 war Linda Lovelace bereits im Ruhestand, und die Branche suchte nach einer würdigen Nachfolgerin. Das hätte Vanessa del Rio sein sollen. Nur dass es 1974 keine ethnischen Sexstars gab. Unbeirrt nahm Vanessa jede Rolle an, die man ihr anbot, denn erstaunlicherweise war sie

am Sex als am Geld interessiert. Dank ihrer animalischen Leinwandpräsenz eroberte sie sich schnell eine Fangemeinde, die sie zu einem Kassenschlager und Amerikas erstem Latina-Star machte. Obwohl sie seit 1986 nicht mehr arbeitet, ist Vanessa del Rio auch heute noch eine Sexikone, die alle ethnischen Grenzen transzendiert. In dieser Ausgabe mit dem speziellen "Panic-Cover" präsentiert TASCHEN die erstaunlich offene, selbstbewusste und geradezu überschäumende sexuelle Frau anhand von Material aus ihrem eigenen Archiv und mit ihren eigenen Worten. Und weil Papier und Text bei einer solch ausladenden Persönlichkeit nicht gerecht werden können, ist noch eine 140-minütige Original-Dokumentation auf DVD beigelegt. Die Autorin:

Terry Richardson's Diary 2010 2016 2022 Since September 2009, the legendary fashion and portrait photographer Terry Richardson has been keeping an online photo diary, posting a new picture every day. These posts typically consist of informal portraits of whomever Richardson is shooting, or whichever celebrity, artist or other public figure has come by the studio--either for an actual sitting or perhaps to discuss an upcoming project. Also posted to the site are Richardson's street photography--snaps of street signs, buildings and sights around New York. As with Andy Warhol's Time Capsules, the accumulation of these candid, off-the-cuff photographs over the past three years has amounted to a social map of the most interesting people on the fashion, art, political and music scenes. Equal parts red carpet and intimate salon, the parade of people who enter Richardson's studio is boggling in its diversity. Amongst the thousands featured in Terry Richardson's Diary 2010 are Barack Obama, Lady Gaga, Rihanna, Angela Westberry, Frank Ocean, Richard Prince, Ryan McGinley, Donatella Versace and Kate Moss. This tantalizing array of images also provides a window of how many of our media and pop culture images are shaped by the creative energies of one talented individual. This book is presented in a yearbook format to accentuate its origins as a daily practice. Known for his punk-rock sensibility and willingness to take a fresh, edgy approach to portrait, fashion and documentary photography, Terry Richardson (born 1965) boasts a list of fashion clients including Marc Jacobs, Tom Ford and Yves Saint Laurent. His editorial work has been featured in publications ranging from Rolling Stone to Vogue and Vice.

Anne Collier: Women with Cameras (Anonymous) 2021 Women with Cameras (Anonymous) is a new artist's book by Anne Collier (born 1970), with a text by Hilton Als (winner of the 2017 Pulitzer Prize for Criticism), that consists of a sequence of 80 images of found amateur photographs that each depict a female subject in the act of holding a camera or taking a photograph. . Dating from the 1970s to the early 2000s, these artifacts of the pre-digital age were collected by Collier over a number of years from flea markets, thrift stores and online market places. Each of these photographs at some point in the recent past, been discarded by its original owner. The concept of "abandonment," of photographs and the personal histories that they represent, is central to Women with Cameras (Anonymous), which explores photography's relationship with memory, melancholia and loss. The sequence of the images in Collier's book follows the format of her 35mm slide projection work Women with Cameras (Anonymous)(2016), that was recently shown to great acclaim in Tokyo, Japan, and Basel, Switzerland.
