This is a study guide to help you pass the FCC test for the beginning level Amateur (Ham) Radio license, the Technician license. Even if you have no background in radio or electronics, you will be able to pass the test by using this guide. All of the concepts are explained in the most basic terms, and each section of the book is followed by the actual questions you will see on the test. When you are finished with this book, not only will you be able to pass the test, but you will also have a basic understanding of the concepts you will encounter when you get on the air. This book has been updated to include the new 2018 test questions, which will be valid through 2022. THIS EDITION IS FOR TESTS AFTER JULY 1, 2020 Amateur radio license tests are multiple-choice with three wrong answers and one right answer for each question. Traditional test-prep materials go through the questions

and all the possible answers. For the Extra test, you see 622 questions and 2,488 answers but 1,866 answers are wrong! Why be confused and frustrated studying three wrong answers for every one right answer? Pass Your Amateur Radio Extra Class Test - The Easy Way is different. The focus is on the right answers and only the right answers with full explanations - All Ham and No Spam. The book is in two parts. The first explains the concepts covering every single test question with hints and cheats to help you understand recognize the correct answer. The second part is a condensed Quick Summary with only the questions and correct answers. Since you never see the wrong answers, the correct answers will pop out when you take the test. You learn to recognize, not memorize, the right answer. It couldn't be easier! Here are two testimonials: "I just wanted to let you know that I purchased all 3 of your amateur radio license study books, read them all 3 repeatedly and passed all three tests in 3 weeks! 1st week Tech, 2nd week General, and 3rd week Extra class. Your books give the information needed to understand the material and questions and in turn, give the reader the knowledge and confidence to pass the exams. I have wanted to get involved in amateur radio for years and now I have! I will be sure to let everyone interested in amateur radio study material to be sure and read Easy Way Ham Books! Thank you for writing these books."

"Thanks for writing the "Pass Your Test The Easy Way" books! I got my Tech license in May, I scored 34/35. I got my General in June, scored 35/35. I just passed my Extra Class test this week and scored 50/50. I went to the same VE's for each test and after the Extra exam and some handshakes, they had questions about how I studied. I showed them my copy of your Extra class book, highlighted, notes written in the margins and so on. I used your books for each exam and they definitely made a difference for me. I did my part as well but your books definitely made it easier. The books are now part of the ham radio reference section in my library. I don't normally go out of my way to thank an author, in fact, I've never done this before but your books made such a big difference for me I felt I should reach out and let you know about it. So, thanks again for writing this series, 73! "

ABOUT THE AUTHOR: RAJIV RAJU got his first Ham license at the age of 8 as KB9YFO. His main motivation to get a license at that age was to attempt to talk with astronauts on the International Space Station, who were communicating with people on Earth with ham radio. He has held his current call K9RAJ since 2001. Rajiv wrote this book to make the wonderful hobby that is amateur radio accessible to even more people. IMPORTANT NOTE: The content of this book is valid until June 30, 2011. Amateur Radio is a pastime (or sometimes called Ham Radio) that can be enjoyed by young and old alike. It covers a wide

range of activities including electronics, digital communications, and experimentation. The Amateur Radio Study Guide contains the notes used successfully in Amateur Radio License classes. These notes can be used in conjunction with the Question and Answer Pools supplied through the web links, as a learning path to obtaining your Amateur Radio License.
