**Soul'S Journey** Aug 27 2020 Many people have asked themselves, What is my hearts desire? This question can be confusing. Perhaps you arrived at a point when you felt confident in what your hearts desire looked like. You may have even started making the choice to go after it, whatever it is, only to have something get in your way, maybe more than once. This barrier that always seems to pop up may have manifested as fear, either your own or that of a loved one, that pulled you away from your decision. This fear of the unknown may have forced you to stay in your current situation. No matter how this barrier manifested, it seemed to get in your way every time. Now, some people may believe this interference is a sign from the utmost. Or perhaps they believe that, by staying in their current situation, they will find a new happiness that will lead to contentment. So which is the true hearts desire? The answer is simple: Its the one that, when you see yourself obtaining it, gives you the most joy and happiness. Its the one that makes your heart race.

A Fairy's Tale Sep 27 2020 When a flower fairy, eager to experience as many emotions as possible, decides to switch places with a young human child whom

she has come to love, nothing could have prepared her for what she would experience, being born of human parents and growing up in a world of straight lines and harsh corners ... of sorrow, grief, human ignorance, and even-more-human judgement. Although the memory of the fairy realm and her former life quickly fades, she never quite fits in, feeling a connection to the natural world that always sets her apart. With insight and wisdom born of that forgotten existence, she goes about the human business of growing up, getting married, and raising a family of her own—blissfully unaware of everything she had lost. And then, out of nowhere, a sentence pops into her head, fully formed, and everything changes: “I have lived most of my life as a flower fairy, a daisy flower fairy to be precise.” These words start it all in motion for Author Fran Laurie Olsen, bringing things back to the surface for her, and beginning a journey of self discovery that puts everything into a new perspective. Harmony and Creativity, Beauty and Love, Nature and the not-yet-visible world ... all these things and more are connected, and impacted by how we view them ... and how we view ourselves. Fran Laurie Olsen offers insights and guidance that will lighten your spirit, put you in touch with the natural world, and help you put all the pieces together in a way that finally makes sense, with her enchanting and insightful offering: Soul Journeys Series: A Fairy’s Tale.

Awakening Oct 29 2020 In our first book, we shed some light on subjects that presently affect societies around the world, such as politics, education, the economy, art, the role of women, and so on. We didn't talk about ourselves. In this book, we want to touch your heart and take you on our personal journeys, our soul's journeys, as we reached a point in life when we questioned the purpose of our existence . . . when we felt there had to be more than merely eating, sleeping, working, raising a family, and acquiring possessions. Of course, all of these are important, but a part of us remained dissatisfied, thirsty and ready to explore other realms of our being. So we each embarked on a quest leading up the mountain of our soul and spirit. Our paths towards the summit are all different, yet we share an element we came to recognize as essential--when climbing a mountain, a well-trained guide is life-saving. In our stories, we each meet such a spiritual guide, a master mountaineer able to show us the way toward the spiritual summits: Omraam Mikhael Aivanhov. Discover how his self-mastery and the many methods he suggested influenced us. Discover the direction we have taken as a result and how we keep climbing! Join us in the awakenings to new heights of consciousness! "The spirit is above everything else, and when you succeed in becoming one with it, in identifying with it, you receive strength, peace of mind, illumination" (Omraam Mikhael Aivanhov).

**Empire of the Soul** Nov 10 2021 "Paul William Roberts's journeys through India span twenty years, and in this unusual and literally wondrous tale (Toronto Globe and Mail), he creates a dazzling mosaic, by turns tragic and comic, of the subcontinent and its people. From the crumbling palaces of maharajas to the slums of Calcutta, from the ashrams of holy men to a millionaire drug dealer's heavily guarded fortress, Roberts captures the lure of this enigmatic land -- this empire of the soul."--

**Rumi: Bridge to the Soul** Dec 23 2022 Originally released in 2007, "Year of Rumi," to coincide with the poet's 800th birthday, by the pre-eminent Rumi poet Coleman Barks. In *Rumi: Bridge to the Soul*, Coleman Barks—who holds an honorary doctorate in Persian language and literature by the University of Tehran for his decades-long translations of Rumi—has collected and translated ninety new poems, most of them never published before in any form. The "bridge" in the title is a reference to the Khajou Bridge in Isphahan, Iran, which Barks visited with Robert Bly in May of 2006—a trip that in many ways prompted this book. The "soul bridge" also suggests Rumi himself, who crosses cultures and religions and brings us all together to listen to his words, regardless of origin or creed. Open this book and let Rumi's poetry carry you into the interior silence and joy of the spirit, the place that unites conscious knowing with a deeper, more soulful understanding.

*Soul Journeys & Other Travels* Aug 07 2021 Life leads our souls on journeys that are sometimes foreseen, but more often lead us on unexpected, winding roads away from our origins. It is in these moments while experiencing highs and lows that we are provided the opportunity to change within and become more. While our paths take us through dark forests of mystery, glittering highways of city life, and wind-swept ocean shores, we hope to walk with a sense of adventure, meet fascinating people and creatures, and celebrate life. In a poignant collection of verse, Debra Crowe-Vitale rejoices in life while reflecting on unconditional love, the beauty and surprises in nature, and the inspiration found in steadfast faith. While poetically exploring life's ups and downs, Debra reminds us that there are gifts and surprises in every day that help us develop into unique souls capable of influencing the world in our own ways.

**Journeys of a Soul (Classic Reprint)** Feb 01 2021 Excerpt from *Journeys of a Soul* OF A soul was written to show that nothing, however great or small, can reach the per fect state without sacrifice. Beit man, beast, bird, plant, the

nations of the world, the world itself, or the whole universe, the same law applies. I harbor no claim to new theories; they are as old as the hills. I simply have hoped to convey to you, dear reader, in my own homely style, and through the medium of historical periods, that whatever shall be the spirit of the times, is only a phase of the building-up and tearing-down methods of the natural forces; and on completing these journeys I offer the following conclusions: Blessed be all the evils of the universe, for they shall lead us to all the good therein; And the pain and sorrows of war, for they shall bring peace on earth and good will to men; And the darkness of yesterday, for out of it came the light of today; And the destruction of all our hopes and ambitions, for it shall bring us greater reward. I ask your patience, dear reader, in following me on these journeys, and permit me to say that I am willing to see the treatment of my subject lost sight of in comparison with its meaning. (Responses to *Soul Play*) "Soul Play serves as validation for the power of self-reflection through journaling and contemplation and provides a gentle pathway to fully explore your soul. For anyone who has struggled with finding a deeper understanding of self and journey, consider this workbook as the gentle hands guiding you every step of the way." **Breast Cancer** Jun 17 2022 Breast cancer can interrupt a life and demand that we pay more attention to the way we live. In this lyrical and inviting account, Patricia

Greer explores associations and images that surround her experience of the disease. A Jungian analyst, she works with metaphors and meanings related to the illness and uses her dreams, inner journeys, and poetry to deepen into and under the reality of cancer. She shares her exploration with the hope that it may help others reflect on their experiences and find insights from understanding cancer as a source of wisdom. For all those who have been touched by the disease and for those who love them, care about them, care for them, breast cancer can be a soul journey. "Women diagnosed with breast cancer often describe the experience as having many layers-physical, emotional, psychological, relational, social, spiritual, and even financial. Considering the experience as a journey of the soul is an opportunity to move beyond the effects of breast cancer and into a more expansive, meaning-making exploration. Patricia's story is a generous gift to all who have experienced breast cancer and felt drawn to a deeper understanding of the point where one's essence and illness intersect. This is definitely a trip you'll be glad you took." -Jeannie Cella, MS, LCPC, executive director of Wellness House "With compassion and intelligence, Patricia Greer offers a readable and generous personal exploration of the potential meanings of breast cancer. Embracing the symbolic attitude of Jungian methods, which activate and engage unconscious layers of psyche, she focuses on cancer as teacher, a metaphoric guide to deeper self-awareness and self-knowledge. This soulful meditation on the healing power of image is a rich, sensitive contribution full of embodied wisdom, evocative language, and transcendent depth. An inspirational book for therapists, patients, and for all women and their families and friends whose lives have been touched by cancer and illness." -Judith Cooper, PsyD, clinical psychologist and Jungian analyst "Patricia Greer creates a profound pathway for those with cancer and their loved ones. She intimately shares the sacred healing capacity of dream and image that she personally experienced during her long journey with cancer. Her image of the single redbud tree resonated for me long after I put the book down. Joining Patricia on her underworld journey with cancer, I too was immersed in a deep experience of navigating the darkest nights of the soul. I am deeply touched by Patricia's work and feel her offering is tending the soul in and of the world." -Stephen Aizenstat, PhD, chancellor and founding president, Pacifica Graduate Institute Patricia Greer, MA, PhD, is a psychotherapist and Jungian analyst who has been seeing clients for more than thirty years. She has used her experience of breast cancer to deepen her ability to accompany her clients on their journeys of individuation and is especially interested in helping women identify and speak in their authentic voices and attend to and honor the wisdom of soul.

**The Soul's Journey** Jun 24 2020 The Soul's Journey is a desirable book for the soul journeyer who has begun his or her spiritual quest. It was written with respect of The Interior Castle, the monumental work written by Teresa of Avila, whose writing is the wellspring that has quenched the thirst of many. It is the foundation from which all other sources have flowed—translations, meditations, and now this brief book that offers insight from seven reflections. The reflections and landmarks

are made by the author on the mansions of The Interior Castle for those who seek to engage in the transformational process of their spiritual pilgrimages. Glimpses are thus caught of the soul's journey throughout the interior mansions. Facets of the journey are reflected to engage within the wisdom of Teresa's writing that can never be replicated. The intention is for the soul journeyer to grow in the wholeness of mind, body, and soul, as well as in one's own humanness as he or she engages with the rawness of the soul to refine that rawness, to become authentic, and to realize his or her full potential in that search for the divine one within.

Soul Journeys Nov 22 2022 Rosalind McKnight was one of the first, and most successful, researchers to work with Robert Monroe and The Monroe Institute in Virginia. She spent eleven years doing research in a laboratory setting. With the help of Monroe and his Hemi-Sync technology that put her into altered states of consciousness, she explored and reported on various levels of non-physical reality. Her first book, *Cosmic Journeys*, described a visitation that she had in her earlier life by an energy form that she calls Radiant Lady. When Radiant Lady first appeared forty years ago, she said nothing, leaving McKnight wondering about the purpose of her visit. In 2003, Radiant Lady suddenly reappeared, announcing to McKnight that they had a mission to accomplish together. Radiant Lady acts as "tour guide" into other dimensions where McKnight meets non-physical energies who share their own personal experiences of the dimensions which they inhabit. Written for every soul on the planet, these unforgettable adventures emphasize that all of us have angels and spirit guides waiting to help us discover the inner workings of the multiple worlds in which we exist and to which we will all one day journey.

The Soul's Journey and How It Affects Your Life Feb 19 2020 On ending up in a too familiar situation after years of emotional and physical pain, I began searching for answers as to why all these difficulties kept happening. It was at this life threatening time that I was first approached by the energy vibration of the four archangels. Due to the fact I had always seen spirits as physical people, I didn't believe the angels instructions, but after another very special visitation where they showed themselves to me — which is no easy feat for them,— I agreed to write their words; and that's how this book manifested. As I wrote, my life began to make sense, which now enables me to live with more awareness of what part I have to play in my soul's journey opening my eyes to wonderful new possibilities. When angels speak, do you listen? I did, and now you too can experience the higher healing knowledge of how your soul's journey affects your human existence, and how you can work with your soul to ease life's impact. So give yourself permission to engage with the timeless angelic knowledge that will enable you to encounter a freedom never felt or known before.

Drawing on the insights of people from Plato to Pierre Elliot Trudeau, Hurst introduces each of these concerns with a mini-essay, then asks 10 questions for reflection. Part 2 outlines 12 pilgrimages users can take to work on these issues, for example Abundance point (finances), Artists Cove (relationships), and Career

Paths (Career).
