web 18 may 2018 the term r?jput is derived from r?jap?tra literally meaning son of kings r?jputs are famed for their fighting abilities and until india gained its independence r?jput kings ruled numerous states in the indian subcontinent the british grouped many of the largest and most powerful of these states in western india into the

Chittor Rani Padmini is a Tamil language historical fiction film based on the legendary life of a Rajput queen Padmini, directed by Vijay Anand. This movie shows that unable to handle the taking away of his kingdom by the government, Maharaja kills himself. The term Rajput covers various patrilineal clans historically associated with warriorhood. Several clans claim Rajput status, although not all claims are universally accepted according to modern scholars. Almost all Rajput clans, the Rajputs then revolted against the Mughal Empire. Aurangzeb's conflicts with the Rajputs, which commenced in the early 1680s, henceforth became a contributing factor towards the downfall of the Mughal Empire. Later, historian Lynn Zastoupil states that the Mughal emperors manipulated the appointment of the successor of the Rajput rulers. The question of the origin of the Rajputs has always been looked upon as controversial. Tod and Crooke regarded the Rajputs as descendants of the Scythic people of Central Asia, while C. V. Vaidya tried to prove that the Rajputs were the descendants of the Vedic Aryans and thus were Kshatriyas. Rajputs are hereditary soldiers and landowners, but the demand for soldiers is now limited, and few Rajputs have any occupation except as landowners. While some Rajputs farm their land themselves, many own enough land so that they can hire others to perform manual labor. The chief feature of Rajput social organization is their division into Rajput families from Sanskrit

raja putra son of a king is a member of one of the patrilineal clans of western central northern india and some parts of pakistan they belong to descendants of ruling kshatriyas hindu warrior classes of north india rajputs rose to prominence during the 6th to 13th centuries until the 20th century rajputs ruled in the web 20 apr 2022
