So hit that Download button and get MAD! "A Night at the Comic Shop," Part One. Part one of a two-part story that reintroduces some of the most memorable characters Archie ever published! Working at the Pep Comics shop to get a discount on comics and a place to store his collection, Chuck is visited by his friends as he bags and boards. Suddenly, glowing meteors from the MLJ Nebula rain down in Riverdale, including one that crashes into the shop and morphs into a door to other dimensions! This cosmic portal leads to a world that Chuck, Archie and his friends have only ever seen in comics - a world of talking ducks and bears, super-powered heroes and oddball beings from other planets. It doesn't take them long to realize they are in the presence of a veritable 'who's who' of some of the greatest comic book characters ever published by Archie and its earlier incarnation, MLJ Comics: Captain Sprocket, Cosmo the Merry Martian, Squoimy the Woim, Gloomy Gus, Judge Owl, Ginger, Suzie and more! The trouble is, now that the 'fantasy world' has invaded the 'real world,' the 'fictional' characters seek as much a taste of reality as possible: Wilbur and Seymour want to meet 'real' girls to date, Pat the Brat realizes there's a whole new potential audience to pull pranks on, Cubby the Bear wants to see how earth bears live, and more. On top of it all, Super Duck and Reggie get into a no-holds-barred shouting match! Realizing the veritable 'Pandora's Box' situation they're in, Archie decides it would best for the comic book characters to go back through the portal to return to their own worlds, but the characters have other plans. Namely, they plan to stay indefinitely! Welcome to Riverdale, the home of everyone's favorite teenager, Archie Andrews - and his closest friends! Dive into these beloved and classic

THE WRONG EARTH: MEAT from writer Tom Peyer and artist Greg Scott. On campy Earth-Alpha, Dragonflyman and Stinger follow clues to foil the beef-themed crimes of Dr. Meat. On gritty Earth Omega, a tragedy compels Dragonfly to imprison a criminal in an abandoned slaughterhouse—just to have someone to talk to. A nerve-shredding, intelligent thriller based around the first plot to kill Hitler, the story of a secret conflict ignited on the eve of World War II Conrad de Lancey has seen enough of evil: the shadow of fear on the faces of innocents; the roar of tanks through empty streets; the sudden lull before the slaughter begins. Franco's bloody insurrection taught this Englishman all about hell. Arriving in his mother's country, the now Nazi Germany, Conrad is sick at heart. Even Berlin—infamous haven of decadence and vice—salutes fascism. Himmler's black-shirted troops rule the city, and every German arm bears a swastika. But does every German heart belong to Hitler? When Conrad is arrested by the Gestapo on suspicion of spying, he is rescued by Theo, an old friend from college, now a lieutenant of the Wehrmacht. Together they are drawn into a world of danger and deceit, of plots, paranoia, and intrigue where the brave few are united by a single ambition: to free the fatherland from the Führer. This digital exclusive features 50 PAGES of Archie's wackiest movie adventures! Lights! Camera! Action! He's Lucy's bright, beautiful son, who just happens to be autistic. Since Merlin's father left them in the lurch, Lucy has made Merlin the centre of her world. Struggling with the joys and tribulations of raising her adorable yet challenging child, Lucy doesn't have room for any other man in her life. Welcome to the chilling world of Archie Horror, where demons roam the earth and terrifying tall tales come to life. Riverdale and its surrounding areas are known to be hotbeds of strange happenings and paranormal activity, but sometimes things get downright disturbing, and even the most pure-hearted of people can't be saved. From robotic rogues and inter-dimensional interlopers to sinister sorcerers and macabre mystics, this anthology collection has everything your horror-hungry heart desires—including a special story about everyone's favorite talking cat, Salem. Join the masters of Archie Horror, Madam Satan and Jinx Holliday, as they act as our tour guides into the realms of the unknown, plunge us into the depths of Hell and send chills up our spines! Tensions are on the rise all over both versions of Riverdale and there's only one person who can restore everything to order—Dilton Doiley! It's up to him to right all the wrongs that have happened to his friends—if they'll let him. But in Riverdale, when things are tough, there's only one true way to handle any problem—over a malt at the Chocklit Shoppe! Please note that the content of this book primarily consists of articles available from Wikipedia or other free sources online. Pages: 28. Chapters: Multiverse, List of DC Multiverse worlds, Reborn!, Earth-Two, Femizonia, Elseworlds, Alternate Universes in Archie Comics, Earth-One, Flash of Two Worlds. Excerpt: Within Marvel Comics, most tales take

place within the fictional Marvel Universe, which in turn is part of a larger multiverse. Starting with issues of Captain Britain, the main continuity in which most Marvel storylines take place was designated Earth-616, and the multiverse was established as being protected by Merlyn. Each universe has a Captain Britain designated to protect its version of the British Isles. These protectors are collectively known as the Captain Britain Corps. This numerical notation was continued in the series Excalibur and other titles. Each universe of the Multiverse in Marvel also appears to be defended by a Sorcerer Supreme at nearly all times, appointed the mystic trinity of Vishanti to defend the world against threats primarily magical in nature from within and beyond and bearing the Eye of Agamotto. Later on, many writers would utilize and reshape the multiverse in titles such as Exiles, X-Men, and Ultimate Fantastic Four. New universes would also spin out of storylines involving time travelling characters such as Rachel Summers, Cable, and Bishop, as their actions rendered their home times alternate timelines. According to Forge, mutants living on these alternate Earths have lost their powers due to M-Day, as stated in Endangered Species, however, this mass depowering has not been seen in any of Marvel's current alternate reality publications such as Exiles, the Ultimate titles, Amazing Spider-Girl, the Marvel Adventures titles or GeNext, though it is possible that the issue of time may be related to their exclusion. This was apparently retconned during the "X-Men: Messiah Complex" storyline, where Forge stated that all... Garden poetry with photographs: Gardening is writing poetry in the earth. Archie's gardening is a work of love, something he expresses both in the earth, in a few photographs, and in many poems. Archie's gardening begins in one of the cruelest climates for plant life in the northern hemisphere, northern Alberta, where the growing season

can be cut short by frost and snow before the end of the short, late summer. Fortunately, most of the next 60 years of his gardening work, so far, is much less of a struggle. Archie continues his planting, watering, weeding, pruning, and caring in in a far more moderate climate, on the Pacific Coast of Canada. In the sequel to the Skimming Stone, the immortal wizard Signet is showing the children the underground temple he guards and the connecting passage to the old Victorian sewers of Brighton, when a unicorn named Aloric materialises and asks for Signet's help. Archie, Ally, and their friend, Zonah, are sucked into a whirlpool of intrigue, magic, space travel and danger in the amazing story *The Grail of the Unicorn Planet: An Archie Dixon novel*. Signet tells the children about the Unicorn's home on the planet Altair, where all the mythical creatures of this world live. The highly advanced creatures co-exist harmoniously in their different tribes and visit other planets. The creatures can mix freely with inhabitants of advanced planets, but on primitive planets such as Earth, they remain hidden or disguised. Occasionally they are seen, thus creating human myths. The Alterians are dying from an unknown disease, so Signet goes off with Aloric to help them, using hyper-space travel. The children, left behind in the sewers, decide to explore. They overhear a plan to steal Faberge eggs from a bank by tunnelling through the sewers, and then almost bump into the evil Vastator, realising that he is behind the mysterious plague on Altair. Will good triumph? Archie may be a klutz on Earth, but how much damage can he do if there's no gravity? A lot, apparently! Ever wonder what it would be like if Archie and the gang were out of their element—waaayyy out of their element? Well now you can find out what it would be like if the pals 'n' gals of Riverdale lived far, far away from home—all the way on Mars! From intergalactic travel and futuristic space fashion to Archie getting to school on time, it turns

out that good ol' loveable Archie is pretty much the same, near or far. Buckle up for a wild, out-of-this-world ride (literally!) in "A Really Hot Date"!
