The World for Sale Sep 14 2021 The modern world is built on commodities - from the oil that fuels our cars to the metals that power our smartphones. We rarely stop to consider where they have come from. But we should. In *The World for Sale*, two leading journalists lift the lid on one of the least scrutinised corners of the world economy: the workings of the billionaire commodity traders who buy, hoard and sell the earth's resources. It is the story of how a handful of swashbuckling businessmen became indispensable cogs in global markets: enabling an enormous expansion in international trade, and connecting resource-rich countries - no matter how corrupt or war-torn - with the world's financial centres. And it is the story of how some traders acquired untold political power, right under the noses of western regulators and politicians - helping Saddam Hussein to sell his oil, fuelling the Libyan rebel army during the Arab Spring, and funnelling cash to Vladimir Putin's Kremlin in spite of western sanctions. The result is an eye-opening tour through the wildest frontiers of the global economy, as well as a revelatory guide to how capitalism really works.

The War of the Worlds Dec 06 2020 When a meteorite lands in Surrey, the locals don't know what to make of it. But as Martians emerge and begin killing bystanders, it quickly becomes clear—England is under attack. Armed soldiers converge on the scene to ward off the invaders, but meanwhile, more Martian cylinders land on Earth, bringing reinforcements. As war breaks out across England, the locals must fight for their lives, but life on Earth will never be the same. This is an unabridged version of one of the first fictional accounts of extraterrestrial invasion. H. G. Wells's military science fiction novel was first published in book form in 1898, and is considered a classic of English literature.

[The Imaginary World Of...](#) Feb 17 2022 From the internationally bestselling creator of *Wreck This Journal*, a guide to building your own perfect world. In *The Imaginary World of...*, Keri Smith asks readers to imagine something new: a unique world of their own making. Readers

start by creating a list of everything to which they're drawn: things they love and collect, colors, shapes, ideas, people, and creatures that fascinate them. The items in the list will become the building blocks for their imaginary worlds, used to create texture and establish a foundation for the new place they'll begin to inhabit. Readers will then be prompted to think about landscape, place names, maps, currency, residents, logos, foods, histories, and more for their world. An indispensable guide for artists, dreamers, activists, and explorers of all ages, *The Imaginary World of...* will encourage readers to become revolutionaries of everyday life, chronicling the possibilities in the brave new worlds they envision.

The World of the Early Church Dec 26 2019 This is a portrait and analysis of the environment in which the Christian faith first grew, as well as an account of the Church's responses to that environment. It provides the student and reader with a perspective on the world surrounding the Church. It covers not only the world of the advent of Christ and the work of the apostles, but also the much less-studied world in the gap between the Old and New Testaments.

[Look Inside Our World](#) Aug 26 2022 Take a trip around the world in this fascinating book. Find out what the Earth is made of, who lives in steamy rainforests, how rivers flow into the sea, and much more.

The World of Yesterday Nov 28 2022 Stefan Zweig's memoir *The World of Yesterday*, (*Die Welt von Gestern*) is a unique love letter to the lost world of pre-war Europe. The famous autobiography is published by Pushkin Press, with a cover designed by David Pearson and Clare Skeats. Translated by the award-winning Anthea Bell. Stefan Zweig's memoir, *The World of Yesterday* recalls the golden age of pre-war Europe its seeming permanence, its promise and its devastating fall. Through the story of his life, and his relationships with the leading literary figures of the day, Zweig's passionate, evocative prose paints a stunning portrait of an era that danced brilliantly on the brink of extinction. This new translation by the award-winning Anthea Bell captures the spirit of Zweig's writing in arguably his most important work, completed shortly before his death in a suicide pact with his wife in 1942. *The World of Yesterday* is one of the greatest memoirs of the twentieth century, as perfect in its evocation of the world Zweig loved, as it is in its portrayal of how that world was destroyed.'— David Hare 'This absolutely extraordinary book is more than just an autobiography. (...) This is a book that should be read by anyone who is even slightly

interested in the creative imagination and the intellectual life, the brute force of history upon individual lives, the possibility of culture and, quite simply, what it meant to be alive between 1881 and 1942. That should cover a fair number of you.'— Nicholas Lezard, Guardian Translated from the German by Anthea Bell, Stefan Zweig's *The World of Yesterday*, is published by Pushkin Press. Stefan Zweig (1881-1942) was born in Vienna, into a wealthy Austrian-Jewish family. He studied in Berlin and Vienna and was first known as a poet and translator, then as a biographer. Zweig travelled widely, living in Salzburg between the wars, and was an international bestseller with a string of hugely popular novellas including *Letter from an Unknown Woman*, *Amok* and *Fear*. In 1934, with the rise of Nazism, he moved to London, where he wrote his only novel *Beware of Pity*. He later moved on to Bath, taking British citizenship after the outbreak of the Second World War. With the fall of France in 1940 Zweig left Britain for New York, before settling in Brazil, where in 1942 he and his wife were found dead in an apparent double suicide. Much of his work is available from Pushkin Press.

The End of the World Apr 09 2021 From the imagination of legendary animator and two-time Oscar nominee Don Hertzfeldt comes a hilarious fever-dream vision of the apocalypse, now available in wide release for the first time since the rare original edition sold out. Created during sleepless nights while he worked on his animated films, *The End of the World* was illustrated entirely on Post-It notes over the course of several years, slowly taking shape from all the deleted scenes, bad dreams, and abandoned ideas that were too strange to make it to the big screen, including essential early material that was later developed into the animated classic *World of Tomorrow*. Hertzfeldt's visually striking work transcends its unusual nature and taps into the deeply human, universal themes of mortality, identity, memory, loss, and parenthood . . . with the occasional monstrous biting eel descending from the sky.

May Produce Gas Feb 26 2020 It seems like the whole world has gone mad. His dad's obsessed with gas, his best friend has come down with a case of hormones and his brother is in dire need of deodorant. Looks like there's going to be quite a stink. Is life still unfair for Norm? ABSO-FLIPPING-LUTELY! Jonathan Meres follows up *May Contain Nuts* and *May Cause Irritation* with another laugh-out-loud story about Norm, a boy who can't understand why everything always seems unfair...

The World of States Sep 02 2020 This sweeping account of modern

state forms analyzes what makes states effective, how contemporary states differ, and the interactions between them.

Sophie's World Jul 13 2021 The international bestseller about life, the universe and everything. When 14-year-old Sophie encounters a mysterious mentor who introduces her to philosophy, mysteries deepen in her own life. Why does she keep getting postcards addressed to another girl? Who is the other girl? And who, for that matter, is Sophie herself? To solve the riddle, she uses her new knowledge of philosophy, but the truth is far stranger than she could have imagined. A phenomenal worldwide bestseller, SOPHIE'S WORLD sets out to draw teenagers into the world of Socrates, Descartes, Spinoza, Hegel and all the great philosophers. A brilliantly original and fascinating story with many twists and turns, it raises profound questions about the meaning of life and the origin of the universe.

A Map of the World May 23 2022 NATIONAL BESTSELLER • From the author of the widely acclaimed *The Book of Ruth* comes a harrowing, heartbreaking drama about a rural American family and a disastrous event that forever changes their lives. "It takes a writer of rare power and discipline to carry off an achievement like *A Map of the World*. Hamilton proves here that she is one of the best." —*Newsweek* The Goodwins, Howard, Alice, and their little girls, Emma and Claire, live on a dairy farm in Wisconsin. Although suspiciously regarded by their neighbors as "that hippie couple" because of their well-educated, urban background, Howard and Alice believe they have found a source of emotional strength in the farm, he tending the barn while Alice works as a nurse in the local elementary school. But their peaceful life is shattered one day when a neighbor's two-year-old daughter drowns in the Goodwins' pond while under Alice's care. Tormented by the accident, Alice descends even further into darkness when she is accused of sexually abusing a student at the elementary school. Soon, Alice is arrested, incarcerated, and as good as convicted in the eyes of a suspicious community. As a child, Alice designed her own map of the world to find her bearings. Now, as an adult, she must find her way again, through a maze of lies, doubt and ill will. A vivid human drama of guilt and betrayal, *A Map of the World* chronicles the intricate geographies of the human heart and all its mysterious, uncharted terrain. The result is a piercing drama about family bonds and a disappearing rural American life.

The World According To Garp Oct 23 2019 This is the life and times

of T. S. Garp, the bastard son of Jenny Fields - a feminist leader ahead of her times. It is also the life and death of a famous mother and her almost-famous son; theirs is a world of sexual extremes - even of sexual assassinations. It is a novel rich with 'lunacy and sorrow'; yet the dark, violent events of the story do not undermine a comedy both ribald and robust. It provides almost cheerful, even hilarious evidence of its famous last line: "In the world according to Garp, we are all terminal cases."

Hernando Colon's New World of Books Jan 19 2022 The untold story of the greatest library of the Renaissance and its creator Hernando Colón This engaging book offers the first comprehensive account of the extraordinary projects of Hernando Colón, son of Christopher Columbus, which culminated in the creation of the greatest library of the Renaissance, with ambitions to be universal--that is, to bring together copies of every book, on every subject and in every language. Pérez Fernández and Wilson-Lee situate Hernando's projects within the rapidly changing landscape of early modern knowledge, providing a concise history of the collection of information and the origins of public libraries, examining the challenges he faced and the solutions he devised. The two authors combine "meticulous research with deep and original thought," shedding light on the history of libraries and the organization of knowledge. The result is an essential reference text for scholars of the early modern period, and for anyone interested in the expansion and dissemination of information and knowledge.

May Contain Nuts Oct 28 2022 Norm knew it was going to be one of those days when he woke up and found himself about to pee in his dad's wardrobe. Why on Earth did his family have to move, anyway? In their old house he'd never tried to pee in anything other than the toilet. And when Norm is in bed, he's kept awake by his dad snoring like a rhinoceros

The World of Whales Apr 21 2022 "Did you know that the biggest animal on Earth, the blue whale, only eats some of the smallest creatures in the ocean? That humpback whales sing underwater songs with lots of verses? Or that orcas can live with their families for their whole lives and bowhead whales can live for more than 200 years? The World of Whales explores the special characteristics and reveals mind-blowing facts about these fantastic animals. Join our sub-aquatic expedition through the vast oceans of our planet." --

My First Book of the Solar System Jan 25 2020 This title introduces children to the ever-popular topic of space and the amazing worlds that make up our solar system.

The World of Odysseus Aug 14 2021 The World of Odysseus is a concise and penetrating account of the society that gave birth to the Iliad and the Odyssey--a book that provides a vivid picture of the Greek Dark Ages, its men and women, works and days, morals and values. Long celebrated as a pathbreaking achievement in the social history of the ancient world, M.I. Finley's brilliant study remains, as classicist Bernard Knox notes in his introduction to this new edition, "as indispensable to the professional as it is accessible to the general reader"--a fundamental companion for students of Homer and Homeric Greece.

Experiencing the New World of Work Oct 16 2021 This edited volume explores, theorises and critically investigates different facets of the new world of work.

A Short History of the World Jul 01 2020 Chronologically discusses the events of history beginning with the evolution of man and ending with the restructuring of Western Europe in 1993.

We Think The World of You May 11 2021 We Think the World of You combines acute social realism and dark fantasy, and was described by J.R. Ackerley as "a fairy tale for adults." Frank, the narrator, is a middle-aged civil servant, intelligent, acerbic, self-righteous, angry. He is in love with Johnny, a young, married, working-class man with a sweetly easygoing nature. When Johnny is sent to prison for committing a petty theft, Frank gets caught up in a struggle with Johnny's wife and parents for access to him. Their struggle finds a strange focus in Johnny's dog—a beautiful but neglected German shepherd named Evie. And it is she, in the end, who becomes the improbable and undeniable guardian of Frank's inner world.

The Interpersonal World Of The Infant Jul 25 2022 A View from Psychoanalysis and Developmental Psychology Challenging the traditional developmental sequence as well as the idea that issues of attachment, dependency, and trust are confined to infancy, Stern integrates clinical and experimental science to support his revolutionizing vision of the social and emotional life of the youngest children, which has had spiraling implications for theory, research, and practice. A new introduction by the author celebrates this first paperback edition.

The Edge of the World Aug 02 2020 Featured in New York Times: 100 Notable Books of 2015 Michael Pye's *The Edge of the World* is an epic adventure: from the Vikings to the Enlightenment, from barbaric outpost to global centre, it tells the amazing story of northern Europe's transformation by sea. 'An utterly beguiling journey into the dark ages of the north sea. A complete revelation . . . Pye writes like a dream. Magnificent' Jerry Brotton, author of *A History of the World in Twelve Maps* This is a story of saints and spies, of fishermen and pirates, traders and marauders - and of how their wild and daring journeys across the North Sea built the world we know. When the Roman Empire retreated, northern Europe was a barbarian outpost at the very edge of everything. A thousand years later, it was the heart of global empires and the home of science, art, enlightenment and money. We owe this transformation to the tides and storms of the North Sea. The water was dangerous, but it was far easier than struggling over land; so it was the sea that brought people together. Boats carried food and raw materials, but also new ideas and information. The seafarers raided, ruined and killed, but they also settled and coupled. With them they brought new tastes and technologies - books, clothes, manners, paintings and machines. In this dazzling historical adventure, we return to a time that is largely forgotten and watch as the modern world is born. We see the spread of money and how it paved the way for science. We see how plague terrorised even the rich and transformed daily life for the poor. We watch as the climate changed and coastlines shifted, people adapted and towns flourished. We see the arrival of the first politicians, artists, lawyers: citizens. From Viking raiders to Mongol hordes, Frisian fishermen to Hanseatic hustlers, travelling as far west as America and as far east as Byzantium, we see how the life and traffic of the seas changed everything. Drawing on an astonishing breadth of learning and packed with human stories and revelations, this is the epic drama of how we came to be who we are. 'A closely-researched and fascinating characterisation of the richness of life and the underestimated interconnections of the peoples all around the medieval and early modern North Sea. A real page-turner' Chris Wickham, author of *The Inheritance of Rome: A History of Europe from 400 to 1000* 'Elegant writing and extraordinary scholarship . . . Miraculous' Hugh Aldersey-Williams, author of *Periodic Tales and Anatomies* 'Splendid. A heady mix of social, economic, and intellectual history, written in an engaging style. It offers a counterpoint to the

many studies of the Mediterranean, arguing for the importance of the North Sea. Exciting, fun, and informative' Michael Prestwich, Professor of History, Durham University Michael Pye has written eleven previous books, translated into eleven languages, including two British bestsellers and two New York Times Notable Books of the Year. He took a First and various prizes in Modern History at Oxford, and was then for many years a highly successful journalist, columnist and broadcaster in London and New York. He now lives between London and rural Portugal.

The World Book Oct 04 2020 “[R]ich in tantalizing tidbits for young globe-trotters.”—Kirkus Reviews Where in the world would you like to visit? His name inspires dread in all, and even those saved by his hands wish him death. For he is- *The Enemy of the World*.

[The Book that Made Your World](#) Dec 30 2022 Understand where we came from. Whether you're an avid student of the Bible or a skeptic of

its relevance, *The Book That Made Your World* will transform your perception of its influence on virtually every facet of Western civilization. Indian philosopher Vishal Mangalwadi reveals the personal motivation that fueled his own study of the Bible and systematically illustrates how its precepts became the framework for societal structure throughout the last millennium. From politics and science, to academia and technology, the Bible's sacred copy became the key that unlocked the Western mind. Through Mangalwadi's wide-ranging and fascinating investigation, you'll discover: What triggered the West's passion for scientific, medical, and technological advancement How the biblical notion of human dignity informs the West's social structure and how it intersects with other worldviews How the Bible created a fertile ground for women to find social and economic empowerment How the Bible has uniquely equipped the West to cultivate compassion, human rights, prosperity, and strong families The role of the Bible in the transformation of education How the modern literary notion of a hero has been shaped by the Bible's archetypal protagonist Journey with Mangalwadi as he examines the origins of a civilization's greatness and the misguided beliefs that threaten to unravel its progress. Learn how the Bible transformed the social, political, and religious institutions that have sustained Western culture for the past millennium, and discover how secular corruption endangers the stability and longevity of Western civilization. Endorsements: "This is an extremely significant piece of work with huge global implications. Vishal brings a timely message." (Ravi Zacharias, author, *Walking from East to West and Beyond Opinion*) "In polite society, the mere mention of the Bible often introduces a certain measure of anxiety. A serious discussion on the Bible can bring outright contempt. Therefore, it is most refreshing to encounter this engaging and informed assessment of the Bible's profound impact on the modern world. Where Bloom laments the closing of the American mind, Mangalwadi brings a refreshing optimism." (Stanley Mattson, founder and president, C. S. Lewis Foundation) "Vishal Mangalwadi recounts history in very broad strokes, always using his cross-cultural perspectives for highlighting the many benefits of biblical principles in shaping civilization." (George Marsden, professor, University of Notre Dame; author, *Fundamentalism and American Culture*)

[The World of UCL](#) Apr 29 2020 From its foundation in 1826, UCL embraced a progressive and pioneering spirit. It was the first university

in England to admit students regardless of religion and made higher education affordable and accessible to a much broader section of society. It was also effectively the first university to welcome women on equal terms with men. From the outset UCL showed a commitment to innovative ideas and new methods of teaching and research. This book charts the history of UCL from 1826 through to the present day, highlighting its many contributions to society in Britain and around the world. It covers the expansion of the university through the growth in student numbers and institutional mergers. It documents shifts in governance throughout the years and the changing social and economic context in which UCL operated, including challenging periods of reconstruction after two World Wars. Today UCL is one of the powerhouses of research and teaching, and a truly global university. It is currently seventh in the QS World University Rankings. This completely revised and updated edition features a new chapter based on interviews with key individuals at UCL. It comes at a time of ambitious development for UCL with the establishment of an entirely new campus in East London, UCL East, and Provost Michael Arthur's 'UCL 2034' strategy which aims to secure the university's long-term future and commits UCL to delivering global impact.

The World of Poo Jun 11 2021 From Snuff: 'Vimes' prompt arrival got a nod of approval from Sybil, who gingerly handed him a new book to read to Young Sam. Vimes looked at the cover. The title was The World of Poo. When his wife was out of eyeshot he carefully leafed through it. Well, okay, you had to accept that the world had moved on and these days fairy stories were probably not going to be about twinkly little things with wings. As he turned page after page, it dawned on him that whoever had written this book, they certainly knew what would make kids like Young Sam laugh until they were nearly sick. The bit about sailing down the river almost made him smile. But interspersed with the scatology was actually quite interesting stuff about septic tanks and dunnakin divers and gongfermors and how dog muck helped make the very best leather, and other things that you never thought you would need to know, but once heard somehow lodged in your mind.'

The World of Avatar Nov 24 2019 Celebrate the first decade of James Cameron's Avatar and the beginnings of an epic cinematic journey. Delve into the majestic world of Pandora and discover the incredible wealth of creativity that led this story to become the highest-grossing film of all time and the winner of three Academy Awards. The World of

Avatar celebrates, explores and explains the spectacular world of Pandora—its extraordinary geology, flora and fauna, and the customs and beliefs of its people, the mysterious Na'vi. The book uniquely covers key content from all aspects of the burgeoning franchise. It combines original movie stills and artwork with stunning imagery from Cirque du Soleil's Avatar-inspired show *Toruk: The First Flight*; Disney World's Pandora—The World of Avatar; and the 2019 Dark Horse comic book series *Tsu'tey's Path*. Concluding with a preview of a new Avatar era, this rich, in-world guide will fuel excitement for the long-awaited release of *Avatar 2* in December 2021.

Wild Country Mar 28 2020 In this New York Times bestselling powerful and exciting fantasy set in the world of the *Others* series, humans and the shape-shifting Others will see whether they can live side by side...without destroying one another. There are ghost towns in the world—places where the humans were annihilated in retaliation for the slaughter of the shape-shifting Others. One of those places is Bennett, a town at the northern end of the Elder Hills—a town surrounded by the wild country. Now efforts are being made to resettle Bennett as a community where humans and Others live and work together. A young female police officer has been hired as the deputy to a Wolfgard sheriff. A deadly type of Other wants to run a human-style saloon. And a couple with four foster children—one of whom is a blood prophet—hope to find acceptance. But as they reopen the stores and the professional offices and start to make lives for themselves, the town of Bennett attracts the attention of other humans looking for profit. And the arrival of the outlaw Blackstone Clan will either unite Others and humans...or bury them all.

The World of the End Nov 16 2021 An American release of an award-winning debut novel from Israel finds epilogist Ben Mendelssohn committing suicide after the death of his beloved wife and encountering a curious material afterlife where he reconnects with long-departed family members but cannot find his wife.

The Wonderful Wizard of Oz Jan 07 2021 Travel to the land of Oz with Dorothy and find out what inspired the forthcoming film blockbuster *Oz: The Great and Powerful*

Half the World (Shattered Sea, Book 2) Sep 26 2022 'Grabbed me and refused to let go' George R.R. Martin

[Writing the Book of the World](#) Mar 01 2023 Theodore Sider presents a broad new vision of metaphysics centred on the idea of structure. To

describe the world well we must use concepts that 'carve at the joints', so that conceptual structure matches reality's structure. This approach illuminates a wide range of topics, such as time, modality, ontology, and the status of metaphysics itself.

World of Wonders Nov 04 2020 A New York Times Bestseller 'Within two pages, nature writing feels different and fresh and new ... This book demands we find the eyes to see and the heart to love such things once more. It is a very fine book indeed, truly full of wonder' - James Rebanks, author of Pastoral Song 'Unusual and captivating ... a thing of wonder, the book that most took me by surprise this year' - Jini Reddy, author of Wanderland Aimee Nezhukumatathil has had many homes, but wherever she was - however awkward the fit or forbidding the landscape - she found guidance and perspective in nature. The axolotl smiles, even in the face of unkindness; the touch-me-not plant shakes off unwanted advances; the narwhal survives its hostile environment. Even in the strange and the unlovely, Nezhukumatathil finds beauty and kinship. Warm, lyrical and gorgeously illustrated by Fumi Mini Nakamura, this book ranges through joy and pain, encountering love, motherhood and heritage, racism and the destruction humans can wreak. In all those things, it shows that if you listen carefully, if you open your eyes wide, the world is full of wonders.

A World of Difference May 30 2020 When the Viking lander on the planet Minerva is destroyed, sending back one last photo of a strange alien being, scientists on Earth are stunned. And so a joint investigation - by the USA and Russia - is launched, the first long-distance manned space mission and a symbol of the new peace between old rivals. Humankind's first close encounter with extraterrestrials will be history in the making, and the two teams are schooled in diplomacy as well as in science. But nothing prepares them for alien war - especially when the Americans and the Russinas find themselves on opposite sides. The bestselling author of the Worldwar and Colonisation sequences has once again set up an epic story of conflict in an alternate world of 'what if?' and 'what could be'. 'The wizard of If.' Chicago Sun-Times 'The standard-bearer for alternate history.' USA Today

The Way of the World Dec 18 2021 From Pulitzer Prize-winning journalist and bestselling author Ron Suskind comes a startling look at how America and the West lost their way, and at the struggles of their respective governments to reclaim the moral authority on which their survival depends. From the White House to Downing Street, and from the fault-line countries of South Asia to the sands of Guantanamo, Suskind offers an astonishing story that connects world leaders to the forces waging today's shadow wars and to the next generation of global citizens. Tracking down truth and hope, Suskind delivers historic disclosures with this emotionally stirring and strikingly original portrait of the post 9-11 world.

The World of IT Mar 21 2022 The official behind-the-scenes companion to New Line Cinema's international blockbusters IT and IT Chapter Two. The 2017 film IT brought a disturbing new vision to Stephen King's classic horror novel of the same name. In 2019, the story continued with IT Chapter Two, in which Bill Skarsgard delivered another acclaimed performance as the terrifying Pennywise the Clown. Collecting the best artwork produced during the making of both of these films—including concept art, sketches, storyboards, and behind-the-scenes photography—The World of IT explores the films' singular aesthetic and meticulous world-building. This compendium includes

commentary from director Andy Muschietti; producer Barbara Muschietti; the acclaimed ensemble cast; and other creative players who helped bring King's perennial bestseller to life.

The World of All Souls Jan 31 2023 Discover the truths, the history, the myths and the magic behind the bestselling All Souls trilogy. Fall under the spell once more with this all-encompassing insider's guide to A Discovery of Witches, Shadow of Night and The Book of Life.
