Web 30 Nov 2016: in order to work as they should, markets need institutions defining the rules of the game. Institutions consist of the constraints, formal and informal, on economic and political actors. North 1991: market institutions serve to limit transaction costs, the time and money spent locating trading partners, comparing their prices, evaluating the quality. Web markets provide finance for companies so they can hire, invest and grow; they provide money for the government to help it pay for new roads, schools and hospitals; and they can help lower the costs you face buying food at the supermarket, taking out a mortgage or saving for your retirement.
