Huzzah! She, Judy Moody, would hereby, this day, make the Judy Moody Declaration of Independence. With alien rights and her own Purse of Happiness and everything. Hear ye! Hear ye! Everyone knows that Judy Moody has a mood for every occasion, and now a visit to Boston has put our famous third grader in a revolutionary mood. When Judy meets an English girl named Tori at the Tea Party ship, she is gobsmacked to learn how many liberties her British friend enjoys — her very own phone, private loo, and pounds of allowance. When a day of cheerfully doing her chores doesn't earn Judy Moody more rights, and staging a revolt in the form of a tea-throwing Boston Tub Party has her dad reading the riot act, Judy is forced into temporary retreat. Who would guess that a real-life crisis involving her brother, Stink, would finally give Judy a chance to show her courageous quick thinking — and prove her independence, once and for all?

Born to Freak (Paperback) Feb 17 2020 Anyone seeking humorous and playful ways to embrace and accept their differences will welcome life coach Sarah Seidelmann's refreshing alphabetical celebration of individuality and eccentricity. Through her personal work and work with clients and groups, she had made connections between attention-deficit disorder, high sensitivity, Asperger's syndrome, autism, addicts of every kind (sex, drugs, alcohol, gambling, shopping), the depressed, the anxious, the manic, the intense, change agents, black sheep, adrenaline junkies, irrepressibles, rebels, bohemians, life pirates, bad asses, artists, innovators, performers, comedians, and healers . . . and concludes that everyone is born to freak! She argues that not everyone is supposed to fit in, but that seeing things differently, ruffling feathers, and returning balance to the world and its communities is the real reason for our natural variety. Through the use of creative abilities, healing presences, and eccentric gifts, people can discover their own wondrous inner multitudes. And by confessing her own strangeness and sharing tales of epic freaky awesomeness, she hopes that other

irrepressible humans might get the memo earlier in their lives that they, too, are born to freak.

Stink Feb 11 2022 In honor of Judy Moody's younger "bother," the creators of the award-winning series have put themselves in a very Stink-y mood. Shrink, shrank, shrunk! Every morning, Judy Moody measures Stink and it's always the same: three feet, eight inches tall. Stink feels like even the class newt is growing faster than he is. Then, one day, the ruler reads -- can it be? -- three feet, seven and three quarters inches! Is Stink shrinking? He tries everything to look like he's growing, but wearing up-and-down

stripes and spiking his hair aren't fooling anyone into thinking he's taller. If only he could ask James Madison -- Stink's hero, and the shortest person ever to serve as President of the United States. In Stink's first solo adventure, his special style comes through loud and strong -- enhanced by a series of comic strips, drawn by Stink himself, which are sprinkled throughout the book. From "The Adventures of Stink in SHRINK MONSTER" to "The Adventures of Stink in NEWT IN SHINING ARMOR," these very funny, homespun sagas reflect the familiar voice of a kid who pictures himself with super powers to deal with the travails of everyday life -- including the occasional teasing of a bossy big sister!
