VS Pascal Oct 14 2021

VM/CMS Aug 12 2021 An accessible introduction to the VM/CMS operating system. Discusses use of the VM/CMS for data processing, text editing, word processing, and program development. Five main sections cover how to access the VM/CMS system, creating and editing files with XEDIT, working with disk files, communicating with other users, and special topics. Includes practical examples and exercises.
