In this high fantasy we find out if an ex-warrior, lost soul, and thief can stop magic from falling into the wrong hands. Dufin an ex-warrior dwarf now a mine working botanist, finds peace and purpose in his gardens with his flowers. But he is pulled away from his serenity by his king. An important package must be taken to the High Kingdom. A mission he shouldn't do on his own. Enya, a human raised by dwarfs struggles with fitting in. Loved by the dwarf mother who raised her, but despised by the dwarf she longed to call father. Jardeth, a thief too sophisticated for the brothel he was found in. A roamer, traveller happy to go where possible treasures may lie. His true intentions carefully concealed from those closest to him. What does the package they carry contain? Will it throw the world into chaos or is it a peaceful gesture between two kingdoms? Blood Magic is the first book in the Realm Wardens Fantasy Series. Join the adventure to find out if Dufin can find peace after the war, Enya finds a family to love her, and if Jardeth can give up his thieving ways. The epic, action-packed story of what happened after the fairy tales. Once upon a time, a girl named Danielle (better known as Cinderella) escaped her evil stepmother, married a prince, and according to the stories, lived happily ever after. The stories lie. Danielle Whiteshore has no sooner moved into the palace when her stepsisters show up to kidnap her prince and steal him away to the realm of fairies. To save Prince Armand, Danielle needs more than the enchanted glass sword her mother left her. She needs the Queen's secret protectors: the deadly warrior and assassin Talia (Sleeping Beauty) and the fun-loving, flirtatious witch known as Snow White. Plunged into a world of adventure and intrigue, Danielle must forge the trio into a team if they're to rescue her prince and survive the machinations of a foe far deadlier than her stepsisters. In his hilarious new sci-fi series, Jim C. Hines introduces the unlikely heroes that may just save the galaxy: a crew of space janitors. The Krakau came to Earth to invite humanity into a growing alliance of sentient species. However, they happened to arrive after a mutated plague wiped out half the planet, turned the rest into shambling, near-unstoppable animals, and basically destroyed human civilization. You know—your standard apocalypse. The Krakau's first impulse was to turn around and go home. (After all, it's hard to have diplomatic relations with mindless savages who eat your diplomats.) Their second impulse was to try to fix us. Now, a century later, human beings might not be what they once were, but at least they're no longer trying to eat everyone. Mostly. Marion "Mops" Adamopoulos is surprisingly bright (for a human). As a Lieutenant on the Earth Mercenary Corps Ship Pufferfish, she's in charge of the Shipboard Hygiene and Sanitation team. When a bioweapon attack wipes out the Krakau command crew and reverts the rest of the humans to their feral state, only Mops and her team are left with their minds intact. Escaping the attacking aliens—not to mention her shambling crewmates—is only

the beginning. Sure, Mops and her team of space janitors and plumbers can clean the ship as well as anyone, but flying the damn thing is another matter. As they struggle to keep the Pufferfish functioning and find a cure for their crew, they stumble onto a conspiracy that could threaten the entire alliance... a conspiracy born from the truth of what happened on Earth all those years ago. Jim C. Hines has proven himself a master of humorous fantasy with his Jig the Goblin novels, and has turned the usual fantasy tropes sideways and upside down with his Princess and his Magic Ex Libris series. With Terminal Alliance, the debut novel in his humorous military science fiction series, Jim takes us into a brand-new universe of entertainment certain to appeal to fans of both Douglas Adams and Terry Pratchett. Isaac Vainio is a Libriomancer, a member of a secret society founded five centuries ago by Johannes Gutenberg. As such, he is gifted with the magical ability to reach into books and draw forth objects. But when Gutenberg vanishes without a trace, Isaac finds himself pitted against everything from vampires to a sinister, nameless foe who is bent on revealing magic to the world at large... and at any cost. Heart pounding and laugh out loud funny, USA Today Bestselling author K.F. Breene will take you on a magical joy ride you won't soon forget. Supernatural Bounty Hunter isn't the sort of thing you see on LinkedIn. But with a rare type of magic like mine, I don't have many options. Dangerous or not, the job is mine. And it was going fine, until an old as sin vampire stole my mark, and with it, my pay day. Knowing I'm poor and desperate, he has offered me a job. I'll have to work by his side to help solve a top secret case. Everyone knows not to trust vampires. Especially a hot elder vampire. But without any other jobs coming up, I'm stuck. As I uncover a web of lies and treachery, revealing an enemy I didn't know existed, the truth of my identity is threatened. I might make it out alive, only to end up in a gilded cage. Now that Bree knows there's more to her mother's death than what's on the police report, she'll do whatever it takes to find out the truth, even if that means infiltrating the Legendborn as one of their initiates. She recruits Nick, a self-exiled Legendborn with his own grudge against the group, and their reluctant partnership pulls them deeper into the society's secrets—and closer to each other. But when the Legendborn reveal themselves as the descendants of King Arthur's knights and explain that a magical war is coming, Bree has to decide how far she'll go for the truth and whether she should use her magic to take the society down—or join the fight. After the Boston Celtics made University of Maryland basketball star Len Bias the second pick in the 1986 NBA draft on June 17, the player's future lay in front of him like a golden, red carpet leading to a life of good-fortuned fame. The Celtics and others considered him to be the next great basketball star, following Larry Bird and Magic Johnson, at a time when the team returned to league supremacy and Michael Jordan had yet to establish his ultimate greatness. Bias played with a rare mix of athleticism, grace and controlled rage. Off the court, he was humble and personable, shy and at times socially adventurous and daring. But Bias' death from cocaine intoxication two days after the draft altered the state of sports and drugs in a way that lingers today. The player's death was one of the cruelest tragedies in sports in the last quarter century. It still strikes the hearts and minds of many in a generation that witnessed the uncomfortable and developing synergy of big time sports and drug abuse. I tried to humanize the story by focusing on how lives have been affected by his death and the compelling issues that have arisen from the tragedy. The book provides an underlying message of overcoming tragedy to thrive and, in some cases, just to survive, in life. Bias's death forced American lawmakers to make tough choices about how to best deal with a developing drug crisis, with dubious consequences. It reinforced efforts by those in charge of administering college athletics to alter the way they guided student athletes. And Bias' death drastically changed the destinies of many who were closely connected to the athlete. The book includes interviews with Bias's teammates and close friends; former University of Maryland athletics officials who reflect on the challenging years that followed his death; people who were greatly affected by federal drugs laws; and even a young man who claims to be his son. I talked with his mother as well. As a former University of Maryland athlete (track and field and soccer) and a long-time Washington, D.C.-based journalist, I approached this project with passion and a unique perspective. I reported on Bias' death in 1986 as a community broadcaster while also working at the *Washington Post*. This is my third book on athletics history at the University of Maryland, where I was a two sport athlete in track and field in soccer. I was captain of the track team in 1979-80.
