Internet Marketing for Plumbing & HVAC Contractors - How to Triple Your Sales By Getting Your Internet Marketing Right is a breakthrough book written specifically for Plumbing & HVAC Business owners looking to increase their sales and grow their business by getting their internet marketing right. This book is written based on real work case studies of Plumbing & HVAC Companies across the United States & Canada that have been able to double, triple & in one case even 10 X their sales by following the blueprint laid out in this book. Shamrock Plumbing had 319 calls in June. Discover how you could do the same! This guide arose out of the everyday needs of the plumbing contractors whom consulted our hydraulic consulting and estimating practice. It is the only guide of its kind written by plumbers, for

plumbers. The rates contained within this book are rates developed over the years as estimators for various plumbing companies throughout Australia, large and small. The rates are exactly the same rates used by our estimators daily as a basis for tender preparation on real projects throughout Australia and New Zealand. Tafe Students, Plumbing contractors, Plumbing Consultants, Engineers, and Architects will find this publication a useful and helpful guide in estimating the cost of plumbing and drainage works, and any feedback or suggestions would be greatly appreciated. Users should not hesitate to contact our office directly should they require assistance with estimating or technical advice with respect to plumbing services generally. Welcome to what we sincerely desire to be a life altering course change in the direction you are heading with your contracting business. This book will reveal to the driven HVAC or Plumbing Contractor, truths and secrets previously only available to mega sized corporations. The truths to be revealed will show you how to organically and exponentially grow your contracting business simply by signing on the dotted line. The formula we reveal to you will show you the path to sell your business to get you your long deserved freedom. Time freedom, money freedom, freedom to live life on your terms and most importantly freedom earned early enough in your life to have many, many years to enjoy the fruits of your labor. The process to grow your contracting business to the 8 figure level is broken up into five parts: Part 1: Marketing Makeover - Implementation of your foundational and advanced marketing systems initiates positive growth that will become the leverage point you'll need to explode the growth in your business. Get good at it and you'll reap tremendous rewards, ignore it and you will be doomed to mediocrity. Part 2: Running On Autopilot - More than a simple operations manual, the systems in your business must be able to provide initial and ongoing training for your staff. They must be easily accessed and used in convenient as well as new and exciting ways. Development and documentation of these systems is not an academic exercise and must be proactively created with the input of your staff at the location where the system actions are being performed. The six major functions in your

business that must, at a minimum, be fully documented are your Leadership, Management, Marketing, Sales, Money and Production Systems. Part 3: Growth On Steroids - Designed to grow your company in multiples of up to five times it's current level. Growth at this level is accomplished by combining organic growth with acquisition growth. By giving you the tools to acquire other companies, this will allow your business to have growth in multiples much higher than organic growth alone could ever achieve in such a short time period. Acquiring other businesses can be the most viable alternative to grow your business rapidly and could ultimately be cheaper than organic business growth. Part 4: Get Out While The Getting's Good - Now that the business is growing quickly, it's time to plan an exit strategy and prepare the business for your exit. It is now time for the plan of attack on your secession from the business. Audit of financials, stock sale versus asset sale and many other areas need to be addresses at this time. It is here that we entertain offers and accept letters of intent to buy your company. Then we close on your sale and you become free of the business to begin the process of enjoying your newfound liberated lifestyle. Part 5: Freedom Day - This is when you have achieved you day of true financial liberation and you are able to live the lifestyle you have always deserved. Here are portable, quick-look-up answers to the most common math problems faced by plumbers, pipelayers, pipefitters, and steamfitters. This time-saving reference allows users to get results instantly without putting pencil to paper or fiddling with a calculator. Job-simplifying Fast Code Facts and Sensible Shortcut boxes Packed with calculations, formulas, charts and tables NEW CHAPTER on estimating take-offs Great for designing or estimating a project Tells how to create a business plan, obtain financing, establish credit and trade accounts, meet tax requirements, set prices, collect accounts, and provide customer support Now in its 8th edition, MATHEMATICS FOR PLUMBERS AND PIPEFITTERS delivers the essential math skills necessary in the plumbing and pipefitting professions. Starting with a thorough math review to ensure a solid foundation, the book progresses into specific on-the-job applications,

such as pipe length calculations, sheet metal work, and the builder's level. Broad-based subjects like physics, volume, pressures, and capacities round out your knowledge, while a new chapter on the business of plumbing invites you to consider an exciting entrepreneurial venture. Written by a Master Plumber and experienced vocational educator, MATHEMATICS FOR PLUMBERS AND PIPEFITTERS, 8th Edition includes a multitude of real-world examples, reference tables, and formulas to help you build a rewarding career in the plumbing and pipefitting trade. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version. Now in its third edition, this estimating guide offers comprehensive coverage of all aspects of plumbing: Residential, commercial, industrial, and medical systems The most common plumbing materials and methods, subsystems and components Pricing quantities for an estimate and calculating markup Preparing bids Best techniques for using Means Plumbing Cost Data Sample takeoff and estimate forms Includes special sections on change order analysis, estimating for additions, and alterations to existing systems. Also covers budget and assemblies estimating. A complete sample estimate shows you how to perform each step in the estimating process, making it easy to follow the authors' methods. Ace the Journeyman and Master Plumbing Exams! Featuring more than 400 practice questions and answers, Plumber's Licensing Study Guide, Third Edition, provides everything you need to prepare for and pass the Journeyman and Master Plumber's licensing exams on the first try. This practical, up-to-date resource is filled with study tips, detailed illustrations, calculations, conversion tables, and troubleshooting points. Both metric and U.S. units are included throughout. Fully revised for the 2012 International Plumbing Code and 2012 Uniform Plumbing Code, this careerbuilding guide helps you: Master the material most likely to appear on plumber's licensing exams Improve your test-taking ability with 400+ multiple-choice questions and answers Acquire the confidence, skills, and knowledge needed to pass your exam Covers essential plumbing topics,

including: Definitions Administrative policies
 Miscellaneous regulations Water supply Water
 heaters Sanitary drainage Fixtures Indirect
 waste Vents Storm water drainage Traps,
 cleanouts, and special waste Interceptors and
 separators Medical and nonmedical gas systems
 Alternative engineered and special systems
 Gray-water recycling systems Natural gas Most
 HVAC and plumbing contractors feel ripped off
 when they think about how much money they've
 spent on advertising--and how little they have to
 show for it. In this book, you'll learn how stop
 wasting money on marketing that doesn't work,
 get your phone ringing off the hook, beat your
 competitors online, and use the internet to make
 more money! You'll see real-world examples of
 contractors- just like you- that have been able to
 grow their business by using the internet. One
 plumbing company grew his revenue by 8x in
 less than 2 years by using the principles in this
 book. Another HVAC contractor used this book
 to help give back to their community, and gain
 valuable placement on the local TV networks at
 the same time. This isn't a 'get rich quick' plan;
 this is a step-by-step guide to growing your
 digital presence, and maximize your lead flow.
 The Complete Guide To Internet Marketing For
 Plumbing Contractors is your roadmap to
 successfully marketing your plumbing business
 online. Through out the pages of this book we
 provide you with proven Step-By-Step processes
 for dominating the search engines for your
 plumbing keywords in your market, getting
 listed on the Google Map and leveraging Social
 Media sites like Facebook, Twitter and YouTube
 to get more repeat and referral business. The
 PlumberSEO team has worked with plumbing
 contractors across the United States in some of
 the most competitive markets and over the years
 has developed proven systems for getting those
 clients to the TOP of the search engines. In this
 book PlumberSEO (<http://www.plumberseo.net>)
 has condensed it's knowledge and expertise into
 an applicable guide that shares: . SEO Strategy -
 How to Dominate The Search Engines in your
 market . Map Optimization Formula - How to get
 listed on the Google Map when someone
 searches "your city + plumber" . Proprietary
 Review Acquisition Methodology- for getting
 more reviews to your online profiles . Link
